

# Minfos Cloud Backup

Protect your Minfos store data, including your sales, dispense, patient information and stock. This helps insure your Minfos data against malware, fire or theft.

## Cloud Storage

---

Secure and offsite backup. Your Minfos store data is protected in an Amazon data centre located in Sydney, Australia. We use industry-standard encryption to protect your Minfos store data.

## Fully Automated

---

You don't have to do anything. This is an automatic service that directly integrates with your Minfos system. This means there are no extra installation steps or training needed. What's more, Minfos entirely maintains the backup for you.

## Fast Access

---

Your data is safe with our offsite backup. In the event you lose your Minfos store data, contact Minfos and get immediate access to the latest backup and resume trading. In fact, 120 days of your backups will be available. That's peace of mind.

## Legal and Compliant

---

Your data is protected by and compliant with Australian law. Minfos Cloud Backup is Quality Care Pharmacy Program (QCPP) compliant and we can provide an audit report for your Minfos store data to help you meet your auditing requirements.

**Contact your Minfos Account Manager on [sales@minfos.com.au](mailto:sales@minfos.com.au)  
or call us on 1300 887 418 to find out more.**

---

Multistore head offices are not currently eligible for Minfos Cloud Backup, however multistore slave stores are eligible.
